

2017 Priority Rating Survey

Disability Rights New Jersey is the state’s designated protection and advocacy system for individuals with disabilities. DRNJ is a consumer-directed, non-profit agency that advocates for and advances the human, civil and legal rights of people with disabilities. To ensure that DRNJ’s limited resources are used to address issues of importance to people with disabilities, we are seeking input from people with disabilities, their families, professionals, health care and service providers, and the general public to guide DRNJ in determining its priorities.

This survey provides important input for DRNJ’s staff, advisory committees and governing board in planning programs and services in the coming years. We greatly appreciate your time and attention in completing it.

Individuals can also submit comments on DRNJ’s priorities in writing (210 S. Broad Street, 3rd Floor, Trenton, NJ 08608 or email advocate@drnj.org), over the phone (800-922-7233 toll-free in NJ only or 609-292-9742), and online at www.drnj.org.
